

The New Hampshire Tax Collectors' Association in concert with The Department of Revenue Administration Welcome to the world of Tax Collection!

It is our goal to offer educational opportunities that give new collectors a foundational understanding of the nuts and bolts of tax collection. Furthermore, we offer additional annual training to update and further your knowledge of that of seasoned collectors. The opportunity to network with colleagues is a critical part of the ongoing education process. We encourage you to join us at the annual spring workshops and fall educational conference, as they will help to ensure your success!

This letter provides you with contact information for support from your Executive Committee, County Coordinators, Committee Chairs, information regarding education opportunities, and tools for your success.

We have an amazing group of County Coordinators for each of the counties in New Hampshire. They have volunteered to be your source for questions, updates, and changes at your office.

Only by working together will the goal of serving our towns and the State of New Hampshire be achieved.

Important Tools/Links for Success
